

## JACK HALL IS A HAPPY FATHER

POPULAR TONOPAH CITIZEN'S DELIGHT KNEW NO BOUNDS.

H. J. (Jack) Hall, proprietor of the Tonopah Liquor House, is a happy father, the happiest father that ever came over the pike. It happened on Sunday morning, the news reaching Mr. Hall too late to take the train for the coast. Mrs. Hall had been staying with her family in the Garden City, while Mr. Hall had remained here looking after affairs.

When, in addition to the good news that Mrs. Hall was a mother, the telegram arrived saying that the arrival was a boy and a healthy one at that, the joy of the father knew no bounds. There was nothing in the way of liquid refreshments but champagne fit to celebrate the happy event. That is, it was champagne for everybody but Jack, for he was destined to San Jose yesterday morning, and no champagne for him. He wanted first to see the boy and mother and he was not going to take any chances on missing the train.

Mr. Hall was the recipient of many congratulations, and nothing could have been more pleasing to him than the news of his first born. He has been married nineteen years, and this is the first.

## SWIFT WORK OF TONOPAH SLEUTH

BUD CARBERRY HAS MAN IN JAIL IN RAPID FIRE TIME.

Frank Hollowell, accused of arson, in having made three attempts to burn down the town of Silver Peak, was arrested last night by Detective Carberry in the dance hall. A telephone message was received by Sheriff Owens that the man was wanted, and twenty minutes later, Carberry had him located, and a few minutes later had him in custody.

Hollowell is said to have made his escape from Silver Peak on a borrowed mule, owned by J. C. Clark. He put the animal up at Glendinning's corral, and it was there that Carberry got trace of him. He will be sent back to Silver Peak this morning.

## RICH GOLD ORE FROM FARREL

Sheriff Lamb returned yesterday evening from the southern end of the county, where he had been summoning jurors for the next term of court. He is exhibiting some nice specimens of ore from the camp of Farrell, in the Seven Troughs district, that will assay \$2000 to the ton in gold and silver. He stated that the mines of Farrell were proving good and that many of the properties were hoisting rich ore. Sheriff Lamb further stated that the Seven Troughs district in general looked good to him and he believes that when the financial situation improves great progress may be looked for in this camp.

According to the Salt Lake Herald the deal of 400,000 shares of stock in the Seven Troughs Mining company is off. The thirty day extension given the would-be purchasers expired at midnight Monday.

Tuesday morning, L. A. Friedman, one of the principal owners of the mine, wired to the superintendent to begin sacking ore for shipment. If the purchasing crowd had offered \$3,000,000 for the property the next minute after their option had expired they would have been turned down. During the pendency of the option, which called for \$1,87½ a share for 400,000 shares, no attempt had been made to ship from the property. Development work has been steadily progressing, however, and the shaft is now down to the 500-foot level. They have not yet had time to open the vein at that depth, but it will be tapped within the next few days.—Humboldt Star.

## THIS OLD MAN GETS THE LIMIT

TELLURIDE, Colo., Nov. 18.—P. A. Liley, former city clerk of the school board, who confessed to embezzling over \$40,000 from the school fund and in the neighborhood of \$12,000 from the city and from the treasury of a fraternal organization of which he was an official, today pleaded guilty and asked the mercy of the court. District Judge Sprigg Schackelford administered a stinging rebuke upon Liley, and then sentenced him to a term in the penitentiary for thirty-three years. This is the extreme penalty for the crime Liley stands convicted of. Liley is 53 years of age.

### AFTER JAP PERJURERS.

VANCOUVER, B. C., Nov. 18.—A bomb shell was thrown into the placid circles of the Jap colony today when Commissioner MacKenzie King announced that he had sent the names of a number of the most prominent Japs to Ottawa, with the recommendation that they be prosecuted for perjury, in relation to testimony given before him during the investigation into the amount of damages wrought upon Japs at the time the September riots occurred.

## TONOPAH MINING MAN IS TO WED

GEORGE CAMPBELL JONES WILL MARRY MISS RUTH GREEN.

A pleasant surprise to society is the announcement that is being quietly made by Mr. and Mrs. Adam T. Green of Berkeley of the engagement of their second daughter, Ruth, and George Campbell Jones, a young mining engineer, recently graduated from the University of California. Mr. and Mrs. Green's eldest daughter, Leslie, became the bride of Howard Huntington of Los Angeles, a few years ago, and the event was one of the most interesting of the season.

Miss Ruth Green's betrothal is equally so, and although it has existed long enough for most of the friends of the family to be familiar with the fact, and that the marriage will take place some time during the coming year, word of it is only just becoming known to the public.

Miss Green, like her fiancé, attended the state university. She is a popular member of the Kappa Alpha Theta sorority. Petite and pretty, she possesses a charming animation of expression, and natural, winning manners. Within the coming week she will accompany her family to Los Angeles, there to visit Mr. and Mrs. Huntington, and will be away about two months. Mr. Jones was graduated in the engineering class of 1907 and left a very enviable record as a scholar and athlete. He belongs to the Beta Theta Pi fraternity, is a member of the Winged Helmet, the Skull and Keys, and the Golden Bear, an honorary society, to which it is a decided distinction to be admitted. He played Rugby with the first University of California varsity team, was captain of the crew, and prominent in track athletics. He is at present in Tonopah, Nevada, engaged in mining interests.

No date has been set for the wedding. Miss Green will be guest of honor tomorrow at a tea at the Kappa Alpha Theta sorority house on College avenue, and Haste street, Berkeley.—San Francisco Chronicle.

Mr. Jones is well known in Tonopah society, and the popularity of his college days still clings to him. He is at present engaged in the Montana-Tonopah mill, where he is completing his college course in mining, getting the practical side of the life of a mining engineer. He is one of the brightest of the many young collegians who are taking a post-graduate course in this camp, and is bound to make his way up to the top of his chosen profession. The news of his engagement will come as a pleasant surprise to most of those who know him here, and there will be no more sincere well wishers for himself and his bride that is to be, than his circle of friends in Tonopah.

### MODERN BARBER SHOP

A new barber shop, conducted by Frank Gale and Otto Brown, was opened yesterday morning in the Brokers' Exchange building, two doors below the Bonanza office, and immediately started upon a good business career. The shop is centrally located, the proprietors are well known, and the interior is cosy, comfortable and furnished with all modern conveniences. There are four of the latest style chairs, and four first class barbers. The shop has been fitted up with running water, which can be heated to any temperature; and there is besides all the necessities with which a first class barber shop is endowed.

The Presbyterian Ladies' Aid will give a "pie social" Wednesday evening, Nov. 20. All are cordially invited to come and join in a pleasant time.

The Cotillion club on Thanksgiving eve will give their regular invitation dance until 12 o'clock. The limiting of the hours is due to the fact that the Rebekahs will hold their dance the next evening.

### TAXES

You are hereby notified that your State and County taxes for the year of 1907 are due and payable. If not paid December 2, 1907, 10 per cent and all cost will be added by law.

Treasurer of Nye County, Nevada.

## THEATRICAL TREAT IN STORE TONIGHT

THE LIEUTENANT AND THE COWBOY AT THE PAVILION TONIGHT.

Another treat is in store for lovers of the drama, when, tonight "The Lieutenant and the Cowboy" will be presented, with Theodore Lorch in the leading role. The management has taken the precaution to look out for the weather, and the pavilion will be comfortably heated, so that there will be nothing to mar the enjoyment of the occasion. The play is a western drama, the plot of which circles around the characters in a military post, and there are moments which are thrilling in the extreme. There are some very fine sentiments and strong scenes, and the company supporting Mr. Lorch is said to be well balanced one.

## NEW DEPARTURE AT POSTOFFICE

The windows of the postoffice will remain closed for thirty or forty minutes after the arrival of the San Francisco train in future. The reason of this is that the train, arriving usually behind time, is awaited with some impatience by the people, and the postmaster puts all the force at work distributing the mail. Mr. Stewart has also decided to open the office between 3 and 4 o'clock on Sundays, instead of in the morning, the reason of this being that the train rarely gets in early enough to have the mail distributed before the old hours.

## FIX STATUS OF COLLEGE ATHLETICS

(By Associated Press.)  
NEW YORK, Nov. 18.—After a long discussion at the annual meeting today the Amateur Athletic union finally decided on the status that college athletes are to hold in athletics in the future.  
By a resolution which finally passed it is decreed that college athletes may only register with the union from two places, their colleges and homes of their parents or guardians.  
James Sullivan was unanimously re-elected president of the union and John J. Dixon was continued in the position of secretary-treasurer.

## MINER FALLS TO HIS DEATH

Andrew Hance, a miner, fell down the shaft of the Tybo mine on Sunday afternoon, and was instantly killed. General manager E. J. Collins, general manager of the Nevada Smelter and Mines corporation, accompanied by Judge J. C. Brissell, left for the scene of the accident yesterday afternoon. Judge Brissell will hold an inquest on the body of the miner.

### WAS GREAT SUCCESS.

The first day of the reduction sale of Ryan and Stenson was a great success, and there was a tired corps of clerks welcomed the closing hour last night. They had been on the go all day, the crowds starting to buy early and increasing as the day grew older. The sale will be on the rest of the week, and the good bargains have not begun to diminish.
